SOLID METAL **CONSTRUCTION CONTR.LLC**

We aim to be a leading provider of high-quality steel structure solutions, specializing in the design, fabrication, and installation of steel structures for various industries. With a commitment to excellence and a focus on precision engineering.

OUR VISION

To be a globally recognized leader in the steel structure industry, known for our commitment to quality, safety, and customer satisfaction.

OUR CORE VALUES

Quality

We are committed to delivering products and services of the highest quality, ensuring durability and reliability in every steel structure we produce.

Safety

The safety of our employees, clients, and the community is our top priority. We adhere to the highest safety standards in all our operations.

Innovation

We embrace innovation and continuously seek new and improved ways to enhance our products and services, staying at the forefront of industry advancements

Integrity

Honesty, transparency, and ethical business practices are the foundation of our company. We build trust through integrity in all our interactions.

OUR INDUSTRIES

CONSTRUCTION

RENEWABLE ENERGY

MANUFACTURING

**INFRASTRUCTURE
DEVELOPMENT**

ARCHITECTURAL

**ADVENTURE
SPORTS & THEME PARKS**

OUR SERVICES

Design

Customized structural design and engineering solutions. Advanced 3D & 2D modeling and simulation for precise planning. We use the latest software and design codes for all types of steel structures. Our designs are always in line with municipality regulations and EN standards

Fabrication

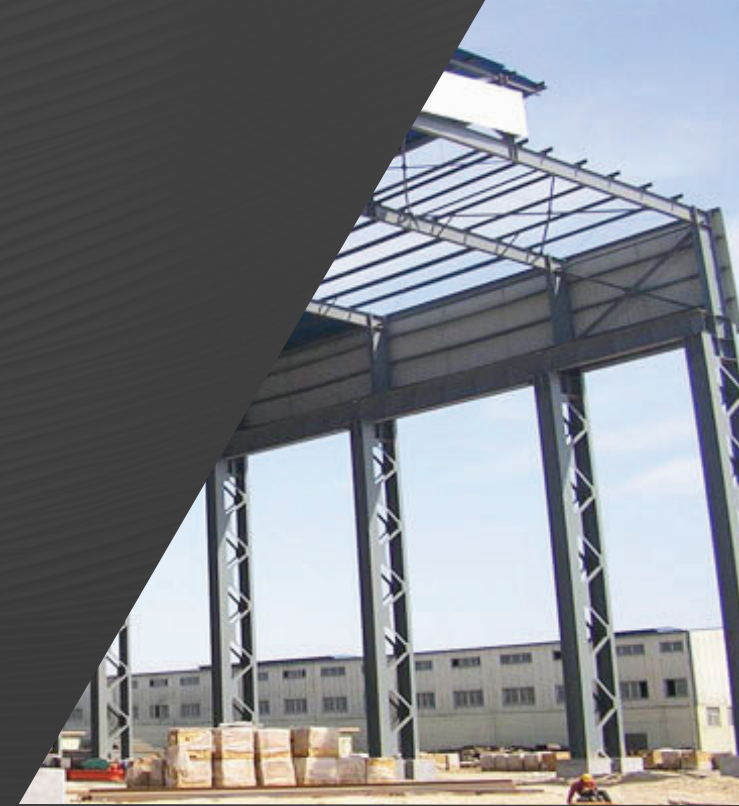

We provide highly efficient fabrication facilities along with skilled craftsmen with modern technology for accurate and efficient production.

Installation

Following consultant and municipality approvals our experienced installation teams ensure timely and precise assembly with on-site supervision and quality control.

Welding Services

Skilled welding services, including MIG, TIG, and arc welding. Certified welders ensuring the integrity of fabricated structures.

Structural Steel Fabrication and On-Site Installation

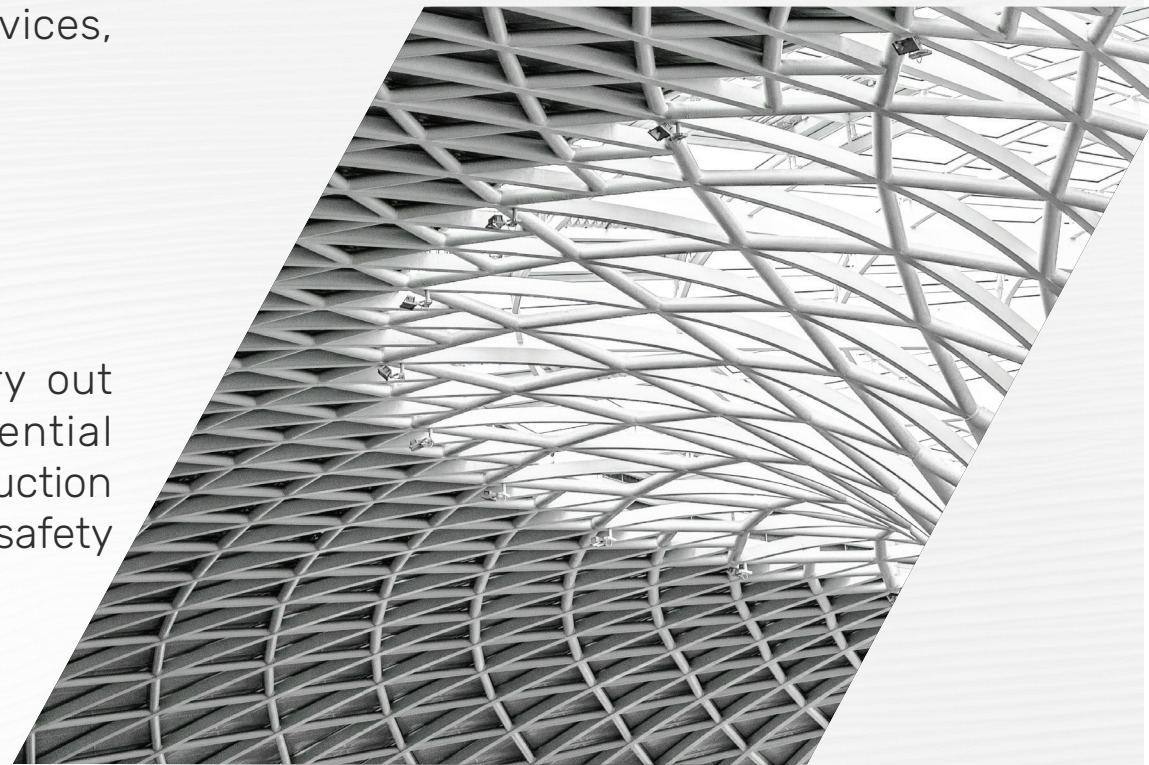

Precision design and fabrication of structural steel components for construction, industrial projects & Adventure sports. Compliance with industry standards and regulations is our top priority by implementing site supervision and safety protocols to ensure successful project completion.

Architectural Metalwork

We embrace innovation and continuously seek new and improved ways to enhance our products and services, staying at the forefront of industry advancements

Facility Maintenance & Inspections

Our experienced engineers and technicians carry out servicing of commercial, industrial and residential facilities. Inspection reports, restoration & reconstruction are fast, efficient and are highly focused on safety standards.

MANAGEMENT DASHBOARD

FABRICATION

Our team of experienced engineers, supervisors, fabricators and qualified welders ensure that work is carried out as per the highest standards and specifications. Our Fabrication team can undertake projects in all types of steels, stainless steel and aluminum and is fully equipped with the following machines:

CNC Machines

Plate Bending Roller Machines

Guillotine Shearing Machines

Profile Cutting Machine, Plasma Cutting Machine

Sheet Bending and Folding & Section Bending Roller Machine

Press Brake

Hydraulic Presses

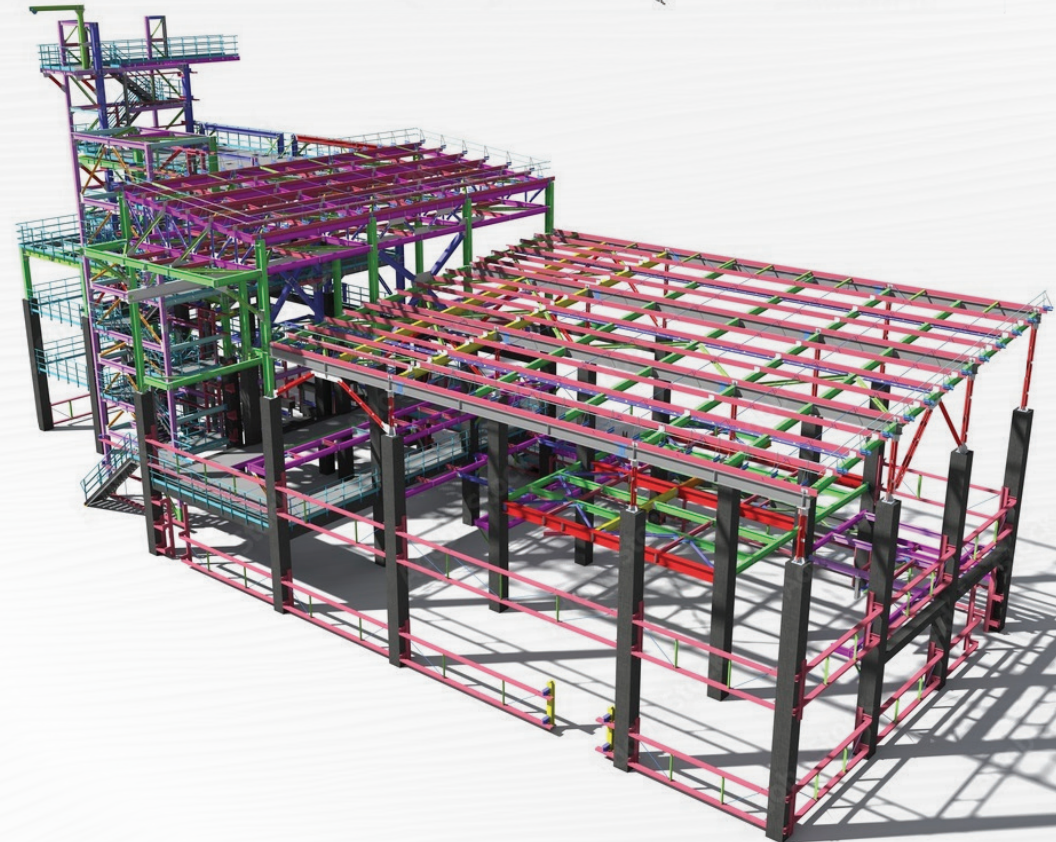

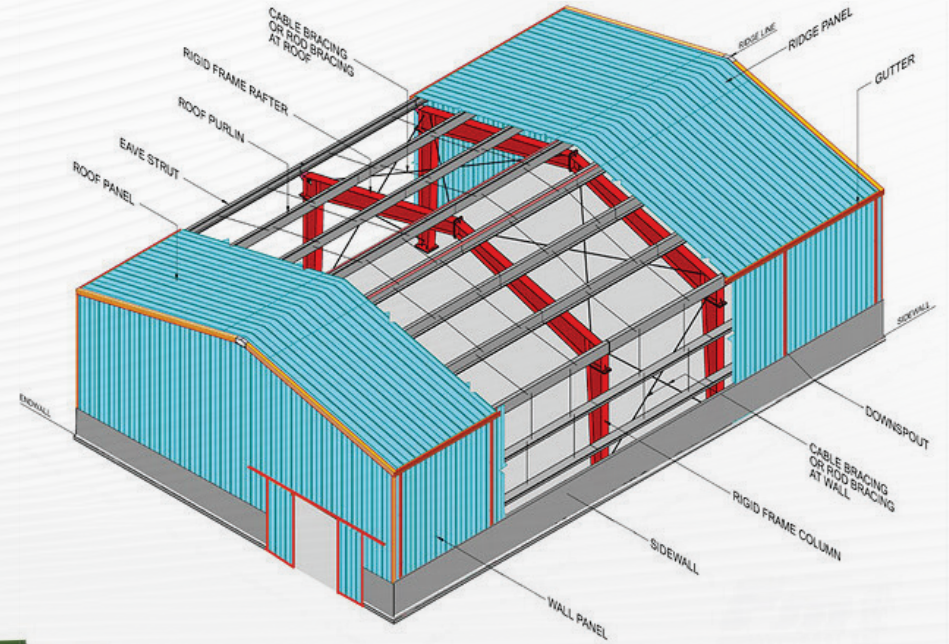

Welding Generators
& Transformers

TIG Welding & MIG
Welding Machines

DESIGN

1. AutoCAD
2. Navisworks
3. Sketchup
4. SolidWorks
5. 2D & 3D Modeling

OUR PROJECTS

1. Warehouse & sheds

2. Dubai Civil Defense

3. Car Park Shade

4. Adventure slide Hail, KSA

5. Steel structure construction

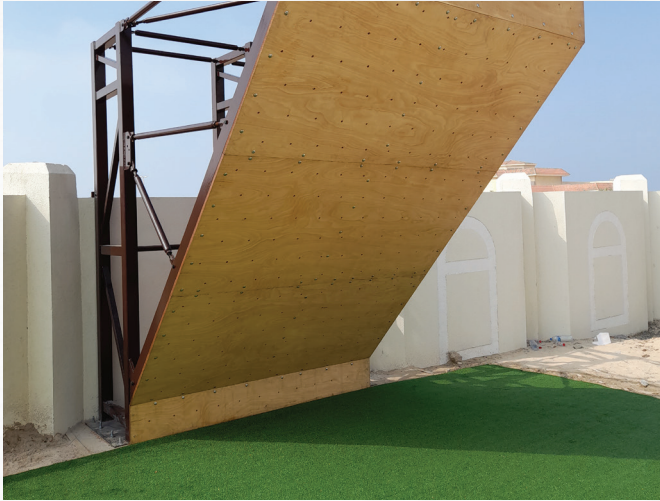

6. Yas Water world Theme Park Abu Dhabi

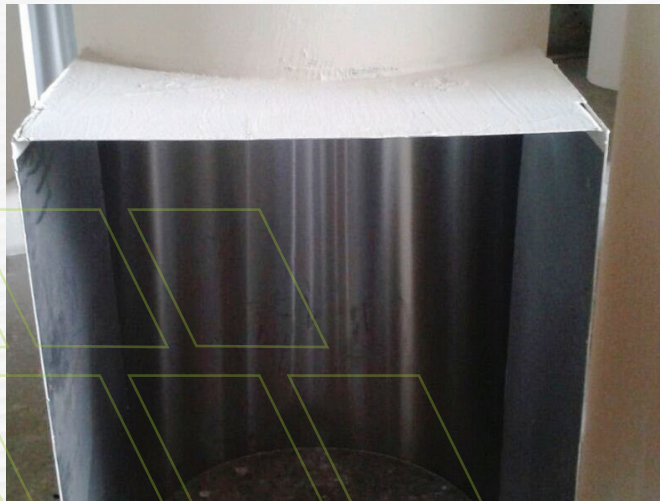

7. Sri Lanka Adventure

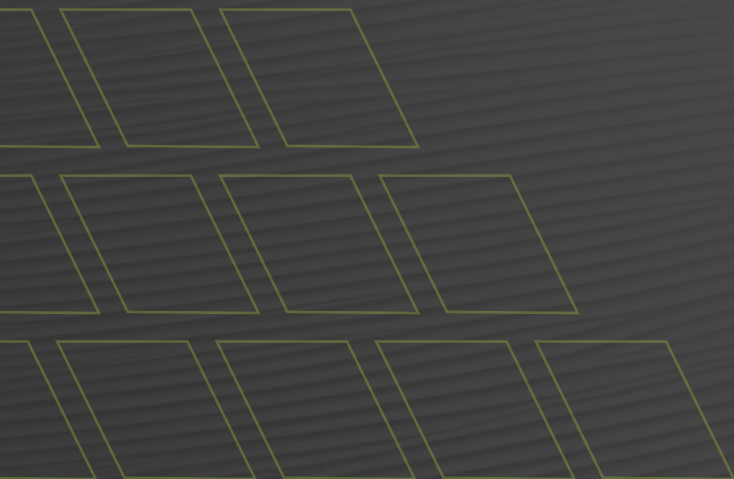

8.Climbing wall UAQ

9.Garbage Chute

10.Mezzanine
